

## Choose How You Reuse Challenge

Be a Glass Guardian! It's time to get creative and find original and exciting ways to reuse your glass containers. There are lots of incredible prizes to win for the most inventive and sustainable ideas.

Can you find a creative way to reuse a glass item such as a glass jar or bottle?

All you need to do is:

### 1. Pick your glass item

What will you reuse? A glass jar or bottle?

### 2. What will you create?

What will it become? A musical instrument? A plant pot? Or a lantern?

### 3. Design it!

Share your design, or even better, take a photo of your creation!

### 4. Share it!

Will you keep your creation, give it to someone as a gift or sell it?

## You could win...

- A £50 Hobbycraft voucher AND £250 for your classroom
- Five runners up will receive £10 Waterstones vouchers

Make sure you get a parent or guardian to sign your entry then hand it back to your teacher.

Entries can be sent to

**[competitions@nationalschoolpartnership.com](mailto:competitions@nationalschoolpartnership.com)**

or by post using the free post envelope.

Entries must reach us by **July 5th**

For full terms and conditions visit **<https://nationalschoolpartnership.com/glass-guardians-tc>**

## How can your parents help?

Ask them to find out how glass packaging is recycled in your area.

Do you have to take it to a glass bank or does the local authority collect it from your house?

Cut out these key facts for recycling glass and stick them up at home.

Bottles and jars can be recycled over and over again, and they will still be as good as new.

Lots of glass is still not being recycled – what a waste!

Recycling just 2 glass jars saves the same amount of energy needed to heat your oven to bake a cake.

Bottles and jars are the easiest materials to recycle.

It costs less money to recycle glass than to take it to landfill.

Using recycled glass is better for our planet as it doesn't give off as much CO<sub>2</sub> gasses which are bad for the environment.

ALL glass jars can be recycled.

## Competition

### My Design:

Draw your design or stick a photo of your creation here:

What have you created? .....

How will you share it? .....

.....

Your name: \_\_\_\_\_ Age: \_\_\_\_\_

School Name: \_\_\_\_\_ Year Group: \_\_\_\_\_

School Address: \_\_\_\_\_ Postcode: \_\_\_\_\_

\_\_\_\_\_ Country: \_\_\_\_\_

Teacher Name \_\_\_\_\_ Teacher Email: \_\_\_\_\_

Parent/Guardian Name \_\_\_\_\_ Parent Guardian Signature: \_\_\_\_\_

### Glass Guardians

We can all make sure as much glass as possible gets recycled by...

- Looking all around our homes for things in glass like sauce bottles, perfume bottles and jam jars.
- Separating glass, plastic, paper and cans as advised. Ask an adult to help you put your recyclable items into the right collection boxes.
